Beginning Preschool & Toddler Program:

Our youngest friends have been enjoying the subtle change in weather and more time outside to enjoy the playground, the breezes, and the first of fall leaves. Classroom changes have been exciting and as we settle into our fall routine everyone is learning new skills, enjoying exciting art, engaging stories and building fun with friends!

Preschool Program:

Fall is in the air and brings with it a renewed energy for outside play in warm afternoon breezes, falling leaves and chilly mornings! Our big Preschool friends are enjoying lots of learning with our fall curriculum, plenty of sensory play, scads of building and imaginary play along with an endless supply of fantastic stories!

School-Age Program:

Our big kids are back into their school routine: cool morning arrivals and warm afternoons back on the playground after a full day in their AUSD classrooms. Everyone is doing a great job at homework time; working on earning prizes from the prize box with school work, reading or journal writing. Then back out to the playground to release more energy with climbing, digging in the sandbox, playing ball, hopscotch and climbing the dome - what a great beginning to the new school year! oragami
