### Beginning Preschool & Toddler Program:

Yay, summer is almost here and we are looking forward to all the fun to be had with our youngest friends at school. They have already been enjoying warmer weather, playing on the shady playgrounds, and finding so many bugs and lizards all around. We are excited for sunshine, water days, messy fun sensory exploration, and exciting and engaging activities with our summer themes. Our summer will start with diving Under the Sea, tomping into the land of Dinosaurs, and traveling through Adventures in Space. Then we will explore the world of Transportation and end the summer with Bears. It's going to be an amazing nine weeks!

### Preschool Program:

We have had such an amazing year of learning and exploration together: Soon, many of our big Preschool friends will be graduating and getting ready to head off to elementary school. Congratulations to them all! While we are busy preparing for their graduation, we have also been enjoying the sunny days, flowering plants, animal visitors and the many adventures we find. As we head into summer, we are looking forward to lots of messy, muddy play, science and crafts to fill our summer with imagination and fun! Please be sure to check out the summer calendar for reminders and information on water play days.

### School-Age Program:

Whoo hoo! Summer is almost upon us and we just can't wait! We'll begin the fun with creating our summer journals, hats and fun adjective names. Then we'll spend two weeks examining the wild world of science before diving into two weeks of artistic expression, then moving on to two weeks traveling through time exploring history. Week nine will be spent saying goodbye to another wonderful summer together of making fantastic memories before heading into a new school year. Each week we will also enjoy outside games, foodie fun activities (every Wed & Thurs) and lots of water play - it's going to be an awesome time together!

### Song of Summer

I hear the voice of summer  
Singing a song of flowers,  
Singing a song of meadows  
Where buttercups spring in showers.  
Her voice is high and lilting  
As summer gets under way  
I think that I shall join her song  
Now that it's school's last day.

- Lenore Hetrick

### Thank You:

*We want to say a special thanks, to you, for entrusting your children to our care for another summer! We love our work and love your kids!*
